IGORROTES SAY HUNT ROBS THEM

Their Manager Indicted By
Memphis Grand Jury.

Dr. Hunt Brought Them to the St.
Louis Exposition and Has Ex-
hibited Them Since.

CLAIMS HE IS PERSECUTED.

Memphis, Sept. 5.—Upon the testimony of Felao and Dengay, two full-blooded Igorrotes, members of the band which visited this city last year, indictments charging "larceny" and "larceny from the person," a felony under the statutes of this state, were returned against Dr. Truman K. Hunt by the Shelby county grand jury Friday morning, August 10, to Judge Moss in the criminal court.

Assistant Attorney-General Kortrecht, who immediately applied for requisition papers, directing that they be sent from Nashville to Chicago, Ill., where Hunt was arrested yesterday.

The United States government is the prime mover in the criminal prosecution against Dr. Hunt.

The indictments against Dr. Hunt charge him with the larceny of \$28 from Felao, and with feloniously taking \$17 from the person of Dengay. The alleged crime is said to have been committed while the victims were members of the band of Igorrotes which were exhibited in East End park in July, 1905.

Dr. Hunt and his Igorrotes visited Paducah with a carnival company last spring. Dr. Hunt brought the band from the Philippines, where he was working under the commission. He exhibited them at the World's fair in St. Louis and married a Louisville girl in the Igorrote village. The romance was the talk of the country.

A year ago he was arrested in New York at the instance of a woman, who said he married her before going to the Philippines, where he married a native woman. Nothing ever came of this charge and Dr. Hunt when here stated these attacks are stirred up by his enemies, jealous because he secured such a valuable concession from the government.

MADE MILLIONS.

Lost Love and Fortune and Is
Dying.

Los Angeles, Sept. 5.—Alexander Belford, once an influential Chicago publisher, and the son-in-law of the junior partner in the Rand-McNally publishing house, is believed to be dying of paralysis at the Good Samaritan hospital. Mr. Belford accumulated more than \$1,000,000 and married a woman whose fortune at this time is estimated to be close to the two million mark. In his later years he permitted both his wealth and his wife's affection to slip away from him and finally was reduced to accepting a clerkship in this city. At 10 o'clock tonight the physicians at the hospital said there was no chance in Mr. Belford's condition. They entertained no hope for the man's recovery.

SCIENTISTS BURNED.

Look Into Crater of Mount Colima
and Get Theirs.

Mexico City, Mex., Sept. 5.—With their bodies severely burned by the fires of Mount Colima volcano, fourteen adventurous delegates to the international congress of geologists which meets in this city this week returned here today. The volcano was pouring forth great volumes of smoke, but this did not deter the explorers from advancing to the very edge of the crater. A hot and sudden blast of fire from the depths below badly scorched the bodies of the men and they beat a hurried retreat.

DRESS RUINED, SUES RAILROAD

Young Woman Wants Damages Be-
cause Engine Spoiled Her Gown.

Fort Wayne, Ind., Sept. 5.—Miss Julia Wahmeyer, arrayed in white broadcloth to go on an excursion, was crossing the railroad track this morning when a locomotive suddenly discharged steam and soot so rapidly that before she could escape her dress was ruined. The young woman says the dress was worth \$75. She engaged lawyers to sue the Pennsylvania railroad for that amount.

FIGHT RESULTS IN RACE WARS
One Murder Caused in Chicago by
Goldfield's Fight.

Chicago, Sept. 5.—Violence, and in one instance murder, was the result of the race excitement that developed while the returns from the Gans-Nelson fight were being received in Chicago last night. The levee district was aflame with the spirit of lawlessness that broke out at frequent intervals as the partisans of one or the other of the fighters ventured an opinion.

NO WARRANTS

ISSUED FOR BOYS WHO BROKE
WINDOWS OF SCHOOLS.

Judge Lightfoot Said the Board Is
Trying to Collect a Civil
Debt.

Both County Judge Lightfoot and City Judge Puryear refused to issue warrants for the boys who broke out windows and otherwise destroyed property in the Franklin building.

Judge Lightfoot said that the school board was trying to collect a civil debt by criminal prosecution and therefore he would not issue the warrants. Mr. Hoyer had been instructed to see if the parents of the boys would pay the damage, if not, to get out warrants. The school board will now swallow the loss of the damaged property as the parents will not pay for the damage done, and the courts will take no action.

ize the State.

Elect Officers and Decide to Meet
Again on Thanksgiving Day at
Mayfield.

POSTMASTER WELCOMES THEM.

Rural letter carriers of Kentucky met in this city Labor Day and organized a state association, to be affiliated with the national association. They will meet again at Mayfield Thanksgiving Day to perfect the organization, as they can meet on national holidays only.

Officers of the newly formed association are President, J. F. Boyd, Boaz; vice president, Edmund L. Francis, Paducah; Secretary, J. W. Whittemore, Melber; treasurer, M. P. Rice, Paducah.

The object of the organization is to promote the amelioration of such conditions as affect all the rural carriers. Postal clerks and many government employees under the civil service have organized, not forming a lobby, but simply acting in concert to secure the betterment of the service and remove any unnecessary hardships from their duties.

H. M. Hepner, secretary of the executive committee of the National Rural Letter Carriers' association, was present and spoke to the carriers concerning the benefits of the organization, its plans and purposes.

The meeting was called to order by Postmaster F. M. Fisher, who delivered an address of welcome to the visitors and introduced Mr. Hepner.

The state association promises to be a great success.

SUING FOR PEACE

GENERAL MENOCAL WILL AC-
CEPT AT ANY PRICE.

Secretary of State Is Opposed to
Treating With Rebels Under
Any Conditions.

Havana, Sept. 5.—Gen. Marie Menocal, who it has been said, is the rebels' candidate for the presidency, and is now in Santiago, says that he is ready to come to Havana and mediate for peace, without any thought of personal ambition. The veterans of the late war are eagerly expecting him.

The plan now is that Menocal and other leading veterans go to Pinar del Rio, see Pino Guerra and induce him to surrender, accepting pardon as the only concession that President Palma will make. But it is not thought likely that Guerra will consent, as he is sending letters to his friends throughout the country saying that he would rather die than accept Palma's terms.

Gen. Rafael Montalvo, secretary of state, who is in charge of the war, says that if the government should compromise with the insurgents it would encourage endless revolutions.

The real situation, he says, as regards the revolution, is that there are 500 men under Guerra and 400 under other leaders in the province of Pinar del Rio, 800 in the province of Havana and 2,000 in Santa Clara.

Japan's famine is ended. A total of \$750,000 gold has been used, and more than half a million people were assisted. The United States contributed \$220,000.

KING IS CAUGHT NEAR BROOKPORT

Police Land Negro Desperado
At Last.

Shot Another Man's Leg So That It
Had to Be Amputated and Made
His Escape.

GOOD WORK BY THE POLICE.

Joe King, a negro desperado wanted here for maliciously shooting George Richardson, another of his color several weeks ago, is under arrest. He was brought this morning from Brookport, Ill., through the efforts of Patrolman Aaron Hurley, assisted by Patrolman Albert Sencer and Special Policeman F. M. Matlock.

Over a month ago, while drinking, King went to the wrong house in search of a friend. He entered Richardson's house on Eight street near Husband's street, and Richardson struck him in the head with a stick. King got mad, went home secured a shotgun and blazed away, hitting King on the left leg at the ankle.

Richardson was removed to Riverside hospital, where his foot was amputated. It was only yesterday that he was able to be taken home. King escaped.

Patrolman Hurley secured information that King was near Brookport working in a saw-mill. He had written his wife that if she did not come to him he would return to Paducah and kill her. She went, reverting yesterday. This is how the policeman got his tip, and last night with his partner, Patrolman Sencer, Hurley secured the rest of the information and clinched the chances of getting King.

This morning Patrolman Hurley and Officer Matlock were sent to Brookport after King. In company with Marshal J. G. Flick, Matlock went to the saw-mill and closed in on the desperado.

King agreed to return without a requisition and was brought back on the train at 11 o'clock. The policemen left at 8 o'clock on the Fowler, making a good trip. It is an excellent piece of work on the part of the police.

crats Alternative.

Repudiates Endorsement That Comes
From Friends of the Com-
mitteeman.

SCORES HIS ENEMY HEAVILY

Chicago, Ill. Sept. 5.—William J. Bryan as the guest of the local Democracy, delivered within eight hours two addresses. The first speech which was made at a luncheon given in his honor by the Iroquois club, dealt entirely with political issues and economic questions of the day. The second speech was made at a banquet given in his honor by the Jefferson club and was devoted to National Committeeman Roger C. Sullivan, of Illinois, whose resignation Bryan had demanded but who was endorsed by the recent state convention which also declared itself in favor of Bryan as the next Democratic nominee for president.

Bryan not only scored Sullivan and his political methods unmercifully, but informed the Democrats present, many of whom were delegates to the recent state convention that if they accept Sullivan they couldn't endorse him in any way. He informed them emphatically that he would have none of the approval of the Democrats of Illinois and that he repudiated their recent endorsement of him.

Thousands of Democrats.

Cleveland, Sept. 4.—In the opinion of Mayor Tom L. Johnson, Bryan's stand on government ownership of railroads, makes certain that Roosevelt will be the next Republican nominee for president. "Bryan's declaration on government ownership of railroads may drive thousands of Democrats out of the party and to such Democrats, I say, God speed," said Johnson.

PUT HIM TO WORK

NEGRO TRAMP NOT PROSECUT-
ED BY ILLINOIS CENTRAL.

Hurrying Job of Work and Laborers
Are Scarce, So Officer Gave
Him Chance.

Labor in Paducah is scarce and even the Illinois Central railroad can not secure enough men to complete the foundation of a big wheel pressing machine in the local caboose shops. The Southern Bitulithic company and Thomas Bridges company Sons, doing street improvement work, and other concerns using a great deal of common labor, have employed about all the available men. The Illinois Central wants to rush the installation of this job and a special officer this morning took a negro out of a box car, where he had gone to sleep and put him to work in preference to prosecuting him for disorderly conduct.

NO CANDIDATES

FOR SCHOOL BOARD AND SOME
COUNCIL VACANCIES.

Democrats May Call Off Primary and
Nominate in a Mass Con-
vention.

It is possible that the primary will be given up by the city Democrats, because of the failure of a sufficient number of candidates for the various offices to announce and at a meeting of the committee tomorrow night, it will be decided whether vacancies will be filled on the ticket, or whether a convention will be called for the purpose of making nominations. For the seven places in the lower board of the city council only in three wards have candidates appeared, while no one seems to care to tackle the school board proposition. Five candidates have appeared for the four aldermanic seats, and two candidates for judge of the police court.

The candidates are:
For Police Judge—E. H. Pryear and D. A. Cross.

Aldermen.

Aldermen—E. W. Baker, J. W. Little, E. D. Hannan, George Willow, Ernest F. Niemann.

Councilmen.

First ward—H. R. Lindsey.
Second ward—No candidate.
Third ward—Al Foreman, James Sengenfelder.
Fourth ward—Alonzo E. Crandell, Young Taylor.
Fifth ward—No candidate.
Sixth ward—No candidate.

Both Badly Battered.

Goldfield, Nev., Sept. 5.—Neither Gans nor Nelson was stirring this morning, though Gans probably will come in from Columbia later in the day. Nelson is so badly battered that he will stay indoors until he can leave town. He will not linger longer than is necessary, as he probably is the most unpopular man who ever visited Goldfield.

HUSBAND STABS WIFE'S COMPANION

Albert Rogers is in a Serious
Condition.

George Allman, Ship Carpenter, Suf-
fers Pair in His Home and
Begins Attack.

ARRESTED WITH HIS WIFE

Bleeding from several serious knife wounds Albert Rogers, formerly a cab driver, ran with his clothes under his arms to seek the protection of policemen to escape the vengeance of George Allman, a ship carpenter, who had but a few moments before caught Rogers in a compromising position with his wife. As a result of the fair Allman was arrested for malice, cutting and his victim is lying seriously wounded while his wife is in the city hall with her young child toddling about her feet, pending prosecution for immorality.

Last night about 10:30 o'clock Allman returned home from a trip to Fulton, where he had gone to secure work on the Illinois Central railroad. He had been employed on the local marine ways, but had not been working of late. He resides at 906 North Eighth street. Mounting the steps he heard his wife's voice, warning a companion that some one was attempting to enter the house.

Allman realized something was wrong, and taking out his knife ripped the screen open and entered the door. He found Rogers lying in bed. Rushing onto the startled young man he began to slash. Grabbing what few clothes he could, Rogers made for the door but not until several ugly slashes had been inflicted in his side on his arm and his head.

Policeman Courtney Long was sent to the scene and arrested the woman, but Rogers was too seriously wounded to go to the hall. He was attended by City Physician Bass at his home.

This morning a warrant for malicious cutting was sworn out against Allman. On account of Rogers' condition it is impossible to tell what the case will be tried.

On advice of City Physician Bass it was decided that Rogers should be taken to the city jail this afternoon. His wounds are not so dangerous that moving will endanger the patient. The authorities believe he may try to escape.

Mrs. Allman is still at the city hall unable to give bond. She is not in jail, but spent the morning and afternoon in the city court room. She ate dinner in the court room.

Family Marooned and Found by
Hunters.

Vacherie, La., Sept. 5.—Hunters last night found a man with his wife and infant son practically marooned on the shore of Lake Allen, Ill., pads having made it impossible for them to row their boat away from the place. The man refused to give his name, but said he was from Mississippi and bound for Morgan City. He said he had been caught in the pads for eighteen days, having made almost no progress at all during that time. The family was living on crab and wild beans. The hunters supplied them with provisions, but an offer to take them overland to Morgan City was refused.

DYNAMITE WRECKS TRAIN.

Believed to Have Been Intended
Mail.

Hargis had he attempted to investigate the killing of Jett.

FARMERS' INSTITUTE WILL BE HELD HERE

Commissioner Vreeland Gives Names of Lecturers Furnished By The State.

PRIZES OFFERED FOR BEST PRODUCTS

Paducah will have a state farmers' institute under the direction of the state board of agriculture with some of the most learned men on subjects of agriculture in the United States, to lecture to those in attendance. This has been decided on by Commissioner of Agriculture Hubert Vreeland, who announced his plans yesterday to Secretary Coons, of the Commercial club.

The institute is to be the climax of the county institutes being fostered by the department in southwestern Kentucky, and prizes for the best products from many of the counties will be offered by the state.

The sessions will occupy three days the latter part of October, and will be held, probably, in the Kentucky theater. The date will be decided on by the Paducah Commercial club and the county Farmers' institute.

The commissioner said that large delegations will be present from other sections of the state, as agricultural matters always interest farmers of the central counties.

Yesterday Secretary Coons, of the Commercial club, spent the day in Paducah, Ky., in the interest of the citizens of Paducah and McCracken county. On his return he said:

Senator Beckham and Commissioner Vreeland provided me with documents, appointing Andreas Feltschberger, of Vienna, Austria, as the commissioner of immigration, to work in connection with the Paducah Commercial club, in the interest of the immigration movement.

The governor and commissioner expressed themselves as being in hearty sympathy with the work the Commercial club is doing on immigration, and the governor stated that he expects to be present at the convention on the fourth and fifth of October, unless some thing unforeseen prevents him. He heartily endorses the Commercial club's immigration work, and with the caution that the unfavorable element should be carefully guarded out.

For some time the Commercial club has been making efforts to secure the next annual state Farmers' institute. Yesterday Commissioner Vreeland agreed to give Paducah and McCracken county, a special meeting of the state institute, to be known as the general round up of the institutes, for the year's work, at which meeting, the commissioner and board of agriculture, the following men of national reputation, to handle the subjects assigned to them.

Agriculture—F. D. Coburn, secretary of the state board of agriculture, of Kansas.

Immigration—Commissioner general, F. W. Sargeant, of the department of commerce and labor, Washington, D. C.

Forestry—Gifford W. Pinchot, of the bureau of forestry, of the national department of agriculture.

Labor—Hon. Samuel C. Gompers, head of the federation of labor, of New York.

Dr. Cyrus G. Hopkins, dean of the Agriculture college, of Illinois.

Roads—Samuel C. Lancaster, consulting engineer of the United States department of agriculture.

Corn and Corn Products—Prof. B. Holden, vice dean of the Iowa experiment station, of Ames, Iowa.

Professor Holden without doubt, the ablest expert on corn and corn products in the United States, and probably any other country, and to hear his lectures, and hear him explain in details, the wonders of the proper production of this great staple, is well worth the attendance of any farmer in Kentucky. In fact, every expert mentioned for the various subjects above, stands at the head of his profession and a recognized authority.

As a further favor, Commissioner Vreeland will offer a number of valuable prizes for various products grown in southwestern Kentucky.

The date for this meeting will be arranged as soon as the directors of the Farmers' institute and the Commercial club can confer on the matter. Probably, it will be held the first week in October.

Commissioner Vreeland and his associates have pledged large delegations for all the eastern counties, and it remains for the local citizens and the farmers of the county to make this the greatest Farmers' institute ever held in the United States.

The Southwest Kentucky Farmers' institute will be held in the Kentucky theater, and prizes for the best products from many of the counties will be offered by the state.

The sessions will occupy three days the latter part of October, and will be held, probably, in the Kentucky theater. The date will be decided on by the Paducah Commercial club and the county Farmers' institute.

TALK IN ENGLAND CHEAP BUT POOR

Some Strange Conditions That Formerly Existed in the Mail Service.

DOZEN REAR ADMIRALS TO GO

Washington, Sept. 3.—Talk would seem to be cheap in England at present, according to information received at the state department—that is, talk by means of mechanical devices for communication between distant points for the English government finds itself compelled to reduce to a great extent of tolls on the telegraph lines which it runs, in order to compete with the privately-owned telephone.

A rather curious condition of affairs exists in England from the same cause, that has left her far behind in electric railways as compared to this country; that is, the municipal ownership craze, since the privately-owned telephone is to a great extent used for the transmission of long distance messages which in this country on account of greater personal convenience are naturally sent by telegraph.

The English government, indeed, finds increasing difficulty, according to the reports received here, in competing through its own telegraph lines with the telephone—about the only thing which has not yet come under the control of municipal ownership in King Edward's isle. But even when tempted by low rates the Englishman doesn't seem to care to take advantage of them, for, according to the latest report of the census bureau, Americans use the "phone" and the "wire" many times oftener than do the natives of the mother country.

All of which would seem to indicate that John Bull has found his government and city business monopolies more or less of a losing game.

Mail Carrying Service.

Competition in bidding for mail contracts, particularly in rural districts, is fast becoming a matter of history, according to postoffice officials. Formerly Uncle Sam found carriers for many of the smaller routes for practically nothing, but in nearly every case the man who holds the job nowadays receives a more or less adequate compensation.

Under the old regime the most extraordinary condition of affairs often existed. For instance, the mail carrier at Lake Charles, La., was under contract for four years to pay to the government the sum of \$50 a year for carrying the mails by steamer a distance of fifty-five miles three times each week, the value to the carrier being found, of course, in the business standing which he derived from the service.

This contract has just ended and the new incumbent is to receive a salary of \$2,000 a year for doing just the same work that cost his predecessor \$50 annually. A still more curious instance of the old order is found in the case of West Bridgeton, Vt., where the carrier for going twice a week to Woodstock six miles away, received the princely remuneration of one cent each year for his services. His successor now receives \$100.

A former carrier of Freedom, N. H., also distinguished himself by carrying the mails several miles daily for two and a half mills a year. The job now pays \$150. Altogether Uncle Sam's letter carriers are coming into newer and better conditions, to which the automobile as a future means of distribution forms a very attractive if not yet actually existing addition.

Shirt Waist in Army.

The shirt waist man who came, struggled against criticism, and disappeared, is likely to find in the United States army the perpetuation of the custom he attempted to sell. Soldiers in shirt waists, that is the gist of the suggestion recently made to the war department by General Leonard Wood, commanding the Philippine division. His suggestion in particular is that the troops of his command be authorized to wear the rank insignia on their shirts under conditions which make it admirable to dispense with the coat. Unfortunately, there is no money available for the purchase of additional insignia, but the war department has authorized the use of khaki chevrons on the shirts, and General Wood will be allowed to regulate the practice of leaving off the service coats, uniformly, however, being insisted upon in the matter in the interest of discipline and neatness.

Dozen Rear Admirals.

The navy is to lose through retirement in the next twelve months just an even dozen of its twenty-two rear admirals, among whom will be found Rear Admiral Sigsbee, who was in command of the old Maine at the time of her destruction in the harbor of Havana. The effects of the age limit will not stop with the admirals, either, since with one exception the commandant of every navy yard in the country is to be retired. Fighting

Bob Evans, as he is generally known, will be forced to take a back seat in a little less than two years. Nor is the retirement of prominent officers limited to the navy, for on the 15th of September Lieutenant-General Corbin will cease to be the active head of the army, a fact rendered rather more interesting when it is remembered that Lieutenant-generals have been more of the exception than the rule in the United States army and that before long the title will cease to exist.

BUSINESS ON 'CHANGE

Products Taken on Contract and Stored in Storehouses.

Chicago, Sept. 3.—Three million bushels of wheat were sent out on special contract on the board of trade today and taken in by storehouses. Other deliveries on steamer contracts were 5,000 bushels of corn, 753,000 bushels of oats, 5,000 tierces of lard, 2,500,000 pounds of ribs and 2,500 barrels of pork.

MUST BE LABELED
BEFORE SHIPPED

After October First Packers Will Have to Take Chances With Present Supply.

Washington, D. C., Sept. 1.—Secretary Wilson assured the representatives of the meat packing interests of the country, with whom he continued his conference today, that he had no authority to extend beyond the first of October, the placing of labels on canned goods or other meat products.

He told the packers flatly that they must be prepared on that date to properly label their goods or they would not be permitted to send them through the channels of interstate commerce.

The question was raised as to the status of goods now on the shelves of wholesale and retail merchants of the country. The secretary said it was manifestly impossible for the government to inspect them and that the owners or holders of the foods, he suggested, would have to take their chances on selling them.

One thing was certain, they could not be shipped from one state to another. The law, however, does not prohibit their sale where they happen now to be.

The disposal of such goods depended upon the desire of the consumer. Wilson said that the packers were anxious to conform in all respects to the law and that the conference had made evident the fact that some of them would be unable to comply with all of its provisions by the first of October, because they had not been sufficiently forewarned in their preparations. These men, necessarily would be obliged the secretary said, to confine their business operations within their own state line until such time as they were prepared fully to meet the requirement of the meat inspection act.

CHINA TO DOOM OPIUM TRAFFIC

Government Expected to Make Plans to End It in Ten Years.

Washington, Sept. 1.—China has awakened to the necessity of suppressing the opium traffic, and advice which have reached the state department, show that drastic measures to accomplish this end are under consideration. The government derives a revenue of about \$4,000,000 a year out of the duty imposed upon opium imported into China, and is loath to deny itself this income by shutting its doors to opium. It is reported China contemplated entering an agreement with India to diminish annually the import of opium into China so that the traffic will cease in ten years. An imperial edict is expected condemning the use of opium and forbidding the employment in the government service of opium eaters. The edict will also order an annual reduction in poppy cultivation, with the industry to be prohibited at the end of ten years.

NAP AT 8 A. M. COSTS BRIDE.

Girl Finds Fiance Asleep and Deserts Him for Old Sweetheart.

Rockford, Ill., Sept. 1.—Just before he was about to leave today for Freeport where he was to have been married tonight to Miss Vivian Weinhold, William Buscke received a message to the effect that he needn't take the trouble to go as Miss Weinhold had been married in Dubuque to William F. Gleason, an old sweetheart. It is learned that when Miss Weinhold was in Rockford one day last week she called at the home of her fiance at 8 a. m. and found that he was still snoring. It is believed Miss Weinhold didn't think a man should be asleep at that hour, and that this caused the estrangement.

UNIONS IN PARADE TO CHURCH.

Led by Band and Bartenders, Workmen Go to Hear a Sermon.

Terre Haute, Ind., Sept. 4.—With a band of music at their head, members of trade unions last evening marched to the First Baptist church to listen to the Labor day sermon by the pastor, Rev. D. B. Cheney. The Bartenders' union was in front and more largely represented than any other union.

The Bartenders' union adopted a resolution, effective tomorrow, to fine a member \$25 for selling liquor after 11 o'clock or on Sundays. The bartenders say it is purely a labor movement for shorter hours.

This action is coincident with the advent tomorrow of Mayor Lyons' administration which commonly has been expected to lift the lid but the move of the bartenders may prevent this.

INDIANA EDITOR SEEKS DUEL.

B. O. Handby, Mount Vernon, Sends Challenge to State Senator Roche.

Mount Vernon, Ind., Sept. 4.—B. O. Handby, a labor leader of Southern Indiana and editor of the Unafraid, a Socialist newspaper published here, has challenged State Senator Roche editor of the Democrat, to fight a duel. The challenge stipulates swords, pistols or brickbats, as Senator Roche may prefer, and asks him to name the time and place. Handby has been very bitter against Roche in the paper, and Roche has attacked Handby's record. Several days ago Handby went to the office of the Democrat and was thrown into the street by Roche.

His wife is a daughter of Charles K. Eddy, of Saginaw, the wealthy lumberman, and in her bill she makes statutory charges and avers cruelty. Mr. Mills will contest the case.

TO OUR FRIENDS

We are in the shoe business and want to call your attention to a few facts you should know:

Leather is higher now than it has been since the civil war, and we are compelled to pay more money to get the same shoe we have been selling and, of course, will have to charge you a little more. However, you can rest assured we will not misrepresent a shoe to you and will not tell you it is just as good as you have always gotten for the same money, if it is not. We can give you shoes at any price and we guarantee all of our shoes, and our guarantee means something.

Hon. John K. Hendrick Makes a Formal Announcement of His Candidacy For The Office of Attorney General

Paducah, Ky., August 29, 1906.

To My Fellow Citizens of Kentucky:

I take this method of announcing myself as a candidate for the office of attorney-general of Kentucky, subject to the action of the Democratic party. I do this fully appreciating the importance of the office and the honor to which I aspire, but feel that Kentucky will cheerfully honor one of her humblest sons when he has striven to be honest, capable and patriotic. My record as a citizen and a Democrat is known throughout the state. The Democratic party has never called upon me for services, and called in vain, however perilous the hour or uncertain the consequences.

If I shall be chosen as the candidate of my party, I shall be the candidate of the whole party, and not the representative of any faction, clique or machine. Should I be so fortunate as to be elected, I shall count myself the servant of the whole people, of my beloved state, and shall do my utmost to discharge the duties of the office conscientiously, and in such way, as in every particular, to protect the interest and promote the welfare of the whole state, without fear or favor, and with as little expense to the state as possible.

Modesty forbids me to speak of my qualifications, further than to say that I have been constantly engaged in the practice of law since 1875, and have been a close student thereof, except when engaged at the state or national capital, in discharging the duties of offices with which my fellow citizens have honored me, and it is for the people to say, whether I am capable of discharging acceptably, the duties of this high office. If they think I am as well qualified and deserving as any other who may seek the place, then I shall be glad to have them vote for me and shall cheerfully bow to their decision whatever it may be.

I shall endeavor to visit as many counties of the state as practicable but the time is so short that it will doubtless be impossible to reach many of them, and I shall therefore be compelled to ask my good friends, generously to assist me in making the canvass. Respectfully,

JOHN K. HENDRICK.

ARMOURS YIELD IN TRUST CASE

Packers Agree to File Affidavits as Required in Missouri.

Jefferson City, Mo., Sept. 1.—The Armour Packing company and Armour & Co., of Chicago, after asking yesterday to file modified anti-trust affidavits with the secretary of state and being refused, agreed today with the state department to file affidavits in regular form and accompany them with an explanatory letter that the affidavits were submitted to the decisions of United States courts in anti-trust proceedings now pending against them in Arkansas, Tennessee and Chicago.

MAY BE TOTAL LOSS.

No Hope That Stranded Liner Will Be Released Is Held Out.

Honolulu, Sept. 1.—That the steamship Manchuria, stranded near the island of Oahu, may become a total loss is indicated by the statement of Captain John Metcalf, representing Lloyds, and Captain A. F. Pillsbury, for the San Francisco Board of Marine underwriters, who have examined the craft. They arrived here yesterday and after conferring ashore from the wrecked boat declined to say that ultimate success in salvaging operations could be expected.

IN UPPER CABIN NEGROES ARE PUT

And They Sue The Paducah-Cairo Packet Company.

Allege They Were Discriminated Against in Trip From Cairo to Metropolis.

JUDGE E. W. BAGBY DEFENDS.

Attorney E. W. Bagby, representing the Paducah and Cairo Packet company, returned last night from Cairo, and will prepare to defend the company in five damage suits brought against it by negroes who resented an alleged discrimination in violation of the Illinois statutes.

"Five negroes boarded the Dick Fowler at Cairo August 8," Attorney Bagby remarked. "They wanted to go to Metropolis and were assigned to the upper cabin. They refused to take the berths and left the boat. The suits followed, each asking for \$2,000. The petitions allege that the upper cabin is not as good as the lower and that discrimination was exercised. The upper cabin is even better than the lower one, in many respects."

Judge Bagby will set about preparing his defense at once.

Theatrical Notes

There is a very funny line in Tom Walters' new piece, "The Mayor of Laughland," where, after he has been elected mayor, the director of public safety tells him that the population of the town just doubles up in summer time. "You don't say so," says Walters as the mayor—"summer boarders or green apples?"

Blanche Walsh Wins.

Elmer Walters' Venture.

Elmer Walters, a theatrical manager who has launched many catchy productions during the past ten years and whose original way of spelling success with dollar marks has created comment, will offer theatergoers a revival of Kate Claxton's familiar French emotional drama, "The Two Orphans" at the Kentucky on Saturday, matinee and night. The scenery and costumes have been given careful attention.

Misdirected Wisdom.

A benevolent old gentleman brimful of information saw a rustic sitting on a fence gazing earnestly at telegraph wires. Going up to the countryman, he said:

"Waiting to see a message go 'long eh?"

The man grinned and said, "Ay."

The benevolent old gentleman got on the wall, and for the next quarter of an hour tried hard to dispel his ignorance.

"Now," said he at last, "as you know something about the matter, I hope you will spread your knowledge among your mates on the farm."

"Where, then, may I ask?"

"But I don't work on a farm," replied the rural citizen.

"Me and my mates are telegraph linemen, and we are testing a new wire."

BANDIT WAS SHOT

But Only With a Camera When He Held Up the Coach.

Wawona, Cal., Sept. 5.—Three miles from Ahwahee, a Yosemite stage was held up yesterday. It was driven by Bright Gillespie, who took President Roosevelt and his party through the park on their visit three years ago. The bandit lined the passengers up in the road. Mr. Wertmer Boshop, of New York, was the first passenger searched and \$7.50 taken from him. Mr. Bishop snapped the robber's picture. A. F. Ormsbee, a friend of Mr. Bishop's from Brooklyn, N. Y., lost \$13. He took two snapshots of the robber. Two of the passengers were women. They took the holdup as though it was a part of the trip.

A soldier passenger was asked to get out of the stage. He had a loaded rifle and took aim but was prevented from shooting by his fellow passengers.

CAN'T SIT STILL TWENTY MINUTES

Plaster Cast of Roosevelt Is An Impossibility.

Mrs. Roosevelt Tells on Her Husband to Amusement of Washington People.

FAVORS THE BLOCK SWITCHES.

Washington, Sept. 5.—Efforts are being made to induce President Roosevelt to submit to the operation of having a cast of his face made in plaster. The matter has been broached to Mrs. Roosevelt by a friend of the family, and the former is said to have replied to the tentative inquiry as to whether the chief executive would be willing to submit to the ordeal in question:

"Why, how long would it take to make the cast?"

"About twenty minutes," replied the friend.

"Then that settles it," returned Mrs. Roosevelt, "no human power could induce my husband to remain still twenty minutes."

Favors Block Switches.

Washington Sept. 5.—The president is preparing to take up in earnest the railroad accident problem. He wants congress to enact a law requiring every railroad that does a passenger business to install the block signal system.

THE BATH COMEDY

Title suggests all sorts of things but as our readers doubtless know it refers to that unusually fine story (we've got it for you) by AGNES AND EGERTON CASTLE, authors of "The Pride of Jennico."

Bath is the famous watering place of England. The scene is laid there during the closing years of the eighteenth century, a romantic period prolific of tragedies and comedies; a time when gentlemen did not keep their emotions confined in a straight jacket, but became violently apoplectic from rage and wine, settling their differences with the ready sword which hung handy at their side.

Sir Jasper Standish, suddenly becoming jealous of his wife, a bride of three months, furnishes all the laughs you want in the ludicrous mistakes he makes while pursuing hotfoot the object of his wrath.

Miss Kitty Bellairs, prototype of SWEET KITTY BELLAIRS of stage fame, is the moving spirit, the boss schemer behind it all. "A pendulum betwixt a smile and tear" aptly describes the reader of this charming comedy, one moment watching breathlessly the sword play in a hot fight, the next splitting his sides over Sir Jasper's impotent wrath or absurd blunder.

WHAT IMMIGRATION MEANS.

Dearth of labor is the great drawback of the south, felt in every community, retarding every line of enterprise and depriving every property owner in some measure of the just returns of his thrift. It is this fact that has set on foot an investigation into industrial conditions, out of which was evolved the immigration movement that has gained such widespread popularity.

This dearth of common labor not only cripples factories in meeting their demands, planters in harvesting their crops and householders in keeping up their establishments, but it actually interferes with the development of the country to its full wealth producing capacity. It is there that the condition is serious and there is no hope in the outlook by the natural gain in population.

This shortage of labor is used with telling effect by commercial and industrial bodies in other parts of the country to the serious detriment of the progress of the entire south, and as it is well known that there is no surplus of labor in any portion of the south, it is a matter of vital importance to the progress of Paducah and other towns and localities in Jackson's Purchase, that we make every effort to overcome these conditions.

The farmers of Jackson's Purchase have been blessed with bounteous crops, and throughout this section the cry goes up for help. Men and women unused to such labor, have been compelled to assist in the field and in the harvest to protect the immense crops and save them from loss.

The factories in Paducah in some instances have found it difficult to secure sufficient labor to operate their plants to the full capacity. Especially in this true where a large amount of female labor is used. Happily, there is no shortage in Paducah of skilled labor, as all the lines that employ expert labor and mechanics are well supplied.

In the homes of Paducah people, in the hotels and restaurants, it is almost impossible to get reliable help. That this condition affects the progress of the city, we have only to refer to the fact that recently the Paducah Commercial club lost a splendid opportunity to locate a large branch factory of the Hamilton-Brown Shoe company, owing to the fact that the representatives of this company feared they could not secure sufficient help in Paducah and surrounding territory to operate their great plant. They would have employed from 800 to 1,200 hands.

Under the circumstances, we can well understand why the citizens of Paducah are enthusiastic over this plan of the Commercial club to bring a large number of desirable immigrants from abroad to settle on our vacant land, to supply labor for our fields, to fill vacant positions in our factories, and to supply servants in the homes of people. It is a movement of vital importance to the citizens of Jackson's Purchase, to the farmers of McCracken county, and to the business men of Paducah, and it is highly gratifying to see the great interest that is being shown by our local people in this work of the Commercial club. We are not alone in this movement. Other cities throughout the south are organizing.

It is not the purpose of the Commercial clubs in Jackson's Purchase to promote a movement that will effect skilled labor in any measure, except beneficiary by creating more demand for house and construction work. That it will greatly benefit the farmers throughout Jackson's Purchase, by the location of a large number of immigrants of the right sort on suitable farms as truck farmers, must be self-evident to every thinking person. These thrifty, intelligent immigrants from abroad farming on land now unproductive, will add to the material wealth and prosperity of every property owner in southwestern Kentucky.

This movement should appeal not only to the citizens of Paducah, but to every land owner in McCracken county. The indications are that this movement will meet with large success. The design of the Paducah Commercial club is to make it a thoroughly popular movement, embracing every interest in Jackson's Purchase, and taking in Cairo and Metropolis, which also would be benefited by the plan of work mapped out.

The convention to be held on October 4 and 5, should be attended by every business man and property owner in Paducah. The attendance from other sections of the Purchase promises to be large, and as a result of this convention, ten thousand people, having property interests in Jackson's Purchase, ought to enroll themselves as members of the Immigration bureau of the Paducah Commercial club.

The Commercial clubs, mayors and leading citizens of Kuttawa, Marion, Murray, Benton, Mayfield, Hickman, Milburn and Columbus, should join hands with the Paducah Commercial club in this great effort. The Louisville Commercial club has been invited and it is believed that it will send a strong delegation to co-operate with the progressive people of southwestern Kentucky in this immigration movement.

It is the opportune time for strong, energetic work in the interest of immigration, and the up-building of this end of the state. The success of this movement is of vast importance to the business men of Jackson's Purchase than a few days, time in ordinary routine of business. Every individual is urged to constitute himself a delegate to the convention.

Stensland squandered over \$1,000,000 in Chicago real estate and then "it out" with a measly \$1,400. This is meant as no reflection on Chicago real estate, but he would have done better to have deposited the money in escrow and then persuaded the Moroccan bandit to kidnap him and hold him for ransom. He is an outcast indeed, with every man's hand against him, while the pious Herring lies in the Chicago jail with bond heaped on bond until his release is impossible. A few short weeks ago both were in positions of trust, respected, confided in and able to command fortunes for their ventures. Today the meanest felon is the equal of either of them. It is a common saying, that if a man steals enough he can keep out of the penitentiary. Stensland and his partner stole millions, but nothing less than the hand of death itself can save them from a prison cell. It is with just such cases as this that justice should deal swiftly and relentlessly. Every man, who might have stopped their plundering, and is within reach of the law should be made to feel the result of his criminal folly. In this way only can weak men be taught to respect their trusts. It was the liberal reward so promptly offered by the Chicago Clearing House association that stimulated the pursuit of Stensland to success, and, perhaps, no body of men is more eager to see Stensland and all his aids in crime meet their deserts than the Chicago bankers.

There is something characteristically Johnsonian in the reported non-chalant manner in which the unique mayor of Cleveland, Ohio, delivered himself of those inconsistent remarks, aimed at the effect of Bryan's railroad doctrine on his party. His declaration favoring government ownership of railroads said the mayor, "May

drive away thousands of Democrats, and to them I bid God speed." Then he adds that he thinks, in spite of the loss of thousands of Democrats, who, it is to be presumed, will vote for the other fellow, Bryan will be elected, if nominated. It's a safe venture that Tom Johnson doesn't show such reckless disregard of thousands of Democratic votes at the Cleveland municipal elections.

It is good evidence of the manner in which The Sun covers the local news field that candidates of all parties announce through its columns. Hon. John K. Hendrick, announced last week, and today D. A. Cross and E. H. Puryear, candidates for city judge before the Democratic primary, declare through this medium their aspirations to their constituency. It is a tribute to the wisdom of these excellent gentlemen that they know how to reach a majority of the people of Paducah.

Battling Nelson is said to be the most unpopular man in Goldfield, Nev., but it is doubtful if the little prize fighter returns the sentiment. The town will always be a gold field in his memory, for he is carrying away \$22,000 as the loser's end of the purse.

McChesney is out of the race for auditor. That leaves Hines for Beckham to support. Now, what do the fellows who have been talking about a broken down machine, say?

Hopkinsville has covered up the suggestive lithographs, begun to enforce the vagrancy law and organized a Hays club. Hopdown must be growing pessimistic.

THE WALSH CASE

The letter of Charles A. Walsh, of Iowa, resigning his membership of the national Democratic committee, is suggestive, if not important.

Mr. Walsh is a follower of Mr. Hearst. He is a man of strong convictions, of thorough integrity and courage. If what we may call the concrete reasons for his act—that is, the personality and political complexion of the campaign management in 1904—constituted all, or the more essential part of Mr. Walsh's alienation, we might dismiss it as true in the main, but insufficient. Each tub must stand on its own bottom. The men who gathered about Judge Parker in 1904 are not likely to gather about Mr. Bryan in 1908. We must look further for Mr. Walsh's real motive and purpose.

The Independence League, an organization created by the newspapers and the money of Mr. Hearst, and meant to minister to the ambitions or to advance the theories—whichever way we may choose to consider it—of the omnipresent yet invisible editor, claims an enrolled membership of more than a million voters. Its bone and sinew are the labor unions. In case the Democrats put up a nominee for governor of New York this fall other than Mr. Hearst, we shall see its actual and exact strength, for Mr. Hearst is already in the field as its candidate for governor. He means, and it means, and Mr. Walsh means, a New Party.

This New Party will be satisfied with nothing short of a line of policies totally destructive of existing conditions. With each step of progression taken by either of the Old Parties the New Party takes a stride. It seeks affirmatively to represent the discontents of the time. If Mr. Bryan thought to placate it by touching upon Government Ownership—which is one of its hobbies—he will find himself mistaken; because no sooner shall Mr. Bryan appear as the presidential nominee of any responsible body of men than the Independence League will consider him a traitor to the cause of human rights. To go the whole hog or none is alone its motto and requirement, and as Mr. Hearst not only fills the bill, but has a bar of his own at his command, nobody but Mr. Hearst need apply.—Courier-Journal.

Police Take Sides.

Panama Sept. 5.—A fight occurred today in the streets between the followers of Vice President Obaldia and Senator Guardia, rival candidates for the vice presidency. The police, instead of attempting to quell the outbreak, took sides, some fighting for either candidate.

STANFORD JEWELS TO BE SOLD

University Trustees to Offer Collection Valued at \$1,000,000.

San Francisco, Cal., Sept. 5.—The world-famous collection of precious stones and jewelry, the property of the late Mrs. Jane Stanford, valued at nearly \$1,000,000, will be sold by the trustees of Leland Stanford university as soon as possible. Part of the collection will be disposed of at private sale, many offers from leading eastern jewelers being already on file. Those unsold will be put up at auction in New York and London. The trustees say their action is merely carrying out the expressed wishes of Mrs. Stanford that the jewels be sold and a library established with the proceeds, the income from which shall be used for the purchase of books.

NO READERS.

One of the "R's" Left Out of Chicago Curriculum.

Chicago, Sept. 5.—The public schools opened here today for the fall and winter term with one of the three "R's" left out. No readers were provided, and the principals of all the schools had received the following order from the board of education: "To Principals: Please advise the pupils of your school not to purchase any text books on reading until further notice." The order is due to a complication which has arisen over the effort to substitute a new series of readers in the schools.

DAVIDSON WINNER.

Milwaukee, Wis., Sept. 5.—Governor Davidson was nominated to head the Republican state ticket, defeating Speaker Lenroo of the last assembly by possibly 20,000 majority. W. D. Connor, of Marshfield, was nominated for lieutenant governor. For the Democrats, John A. Aylward, of Madison, is leading Ernest Marten of Waukesha, for first place, John O'Mear, of Milwaukee, seems to lead for second place.

Women as Pall-bearers.

Pana, Ill., Sept. 5.—The funeral of Mrs. William McKee took place yesterday from the First Baptist church, and was in charge of the local lodge of the Royal Neighbors. It was one of the largest funerals ever seen in Pana. Six ladies acted as pallbearers.

An Assistant of Nature.

One of the most interesting things of this day of interesting things is the great success being achieved by osteopathy. There is hardly a day that some cure which is deserving of attracting much attention, is not made by this new science, and the more it is studied, and the better it is known, the easier it is to see why it is so. Osteopathy merely aids nature to cure. It is a system of healing built up on demonstrable facts.

It discovers the cause of disease, and treats it by scientific manipulations in order to correct disorders and bring about a natural condition. Nearly all diseases yield to the treatment, and the diseases local to Paducah do so most readily.

In rheumatism, liver and bowel, or stomach troubles, chronic headaches tired-out, run-down conditions, nervousness, its success has been very marked. I should like to have you call to discuss your particular case at any time, and not only will I tell you frankly what osteopathy will do for you, but refer you to well-known Paducah people whom it has done much for.

Cincinnati, O., Sept. 5.—In an interview today Senator Joseph B. Foraker replied to the statements made by Congressman Burton at Cleveland last night. The senator said: "I have no objection whatever, but on the contrary, an advocate of the proposition that the Republicans at their primaries shall by direct vote on that question nominate the man who is the candidate of their party for senator. Illinois has provided for this by statute. Ohio should do the same thing."

SURPRISE PARTY IN POLICE COURT

The Prisoner Could Not Remember Being There.

Judge Puryear Prescribes Remedy for Mean Jag and Administers Big Doses.

HOW T. MACK GETS SOBERED

Charles Murphy was a surprised man when brought into police court this morning and enlightened as to his conduct yesterday. He was more surprised when a fine of \$15 and costs was assessed against him, and expressed his intention in strong words of swearing off once and for all.

Murphy was arrested for using obscene language in public and was given a seat on the prisoners' bench yesterday. His case was not docketed and Murphy grew tired of the delay. He wanted to sleep. Judge Puryear was writing a judgment and a pin could be heard if dropped.

"Say, judge," Murphy shouted, half arising from his seat and pointing an unsteady finger at the bench, "I would like to get you to try my case."

The court room was filled with roars of merriment but soon quieted. The court threatened to send the prisoner down stairs and Murphy's head dropped on his bosom. Afterward Murphy repeated the request, only adding that it would be of great convenience to him, as he needed the sleep.

"No sir, judge," he declared, "I do not even remember being in the court room yesterday, but shall be more careful in the future."

Puryear Sobering Course.

T. Mack, colored, whose person is about as short as his name, is scheduled for a "Puryear sobering course." The fact was announced in police court this morning. After Police Judge E. H. Puryear had assessed a fine of \$25 and costs against the negro for breach of peace. Attorney L. K. Taylor represented the prisoner.

"I want to say that your client," Mr. Taylor, "is due a sobering course and two more warrants and maybe more will be issued for him tomorrow," said the court.

Monday afternoon Mack boarded a car and began to swear before several young women. He resented all attempts to quiet him and a policeman was called. He resisted the officer and it was necessary to use force in bringing him to the hall. He was fined yesterday for acting in a disorderly manner and another warrant will be issued for resisting an officer and another for a breach of the peace, another development of Monday. This morning he was fined for trying to chop Walter Collier's leg off with an ax several weeks ago.

Other Cases.

Ed Jones, drunkennes, \$1 and costs; Charles Ripley, using abusive language, dismissed; W. H. Patterson, breach of ordinance, continued; Pat Moore Ed Sears, J. W. Nelson, breach of the peace, continued; Paul Burgess, disorderly conduct, \$1 and costs; Albert Harris, disorderly conduct, continued; Andrew Cooper, colored criminal assault, examination waived and held.

Mrs. Lou Charity, charged with disorderly conduct, was granted a continuance until tomorrow.

Even a graceful man looks ridiculous when he attempts to pat himself on the back.

The river is on a stand here, the gauge registering no change from the stage of yesterday, 10.8. Cloudy weather and business at the wharf fair.

It is evident now that if the Lee line boats had stayed in the Cincinnati-Memphis trade for ten days longer than they did, they would be running yet. With the exception of ten days there has been good water all summer. Word was received last week by Captain Phillips, agent here for that line, that the boats would resume the Ohio river trade immediately, but as nothing further has been heard, it is presumed that the idea was abandoned. If rains come this month, the water will hold up through September.

The Dunbar was being cleared this morning, preparatory to leaving this afternoon for Evansville in the Joe Fowler's trade. The wheel on the Joe Fowler has been removed and work on a new one has begun. From the construction of a wheel, the axle or shaft cannot be replaced without demolishing the wood-work and rebuilding.

The Henry Harley will arrive here this week in time to take a negro excursion out of here Sunday to Cairo. The Harley has been in the upper Cumberland river trade.

George Green and Joe St. John, government boiler inspectors, are here today inspecting boats for the Ayer-Lord Tie company and the Gate City.

The Speed probably will be pulled out on the ways Wednesday morning. More barges are being repaired at the ways.

The Buttorff left at noon today on the long trip to Nashville.

The Dick Fowler left this morning and will return tonight from Cairo.

The Clyde will leave at 6 o'clock this evening for the Tennessee river.

The Savannah is expected out of the Tennessee river this afternoon on the return trip to St. Louis. The Saltillo probably will leave St. Louis for the Tennessee river tonight.

The Russell Lord will leave tonight for the Arkansas river after ties.

One of the wharf-boat officers saw Lloyd Lowe, driver for the wharf-boat, feeding "Ring" the wharf-boat dog. The meat was covered with some dark powder. He asked Lowe what was on the meat. Lowe said it was gunpowder and that he was feeding it to the dog to make him "bad." He had heard that if you feed a dog powder it will make him a fighter, and therefore, a good watchdog.

Official Forecasts.

The Ohio at Evansville, no material change during the next 24 hours. At Mt. Vernon will continue falling during the next 24 hours. At Paducah, not much change during the next 24 hours. At Cairo, will continue falling during the next 24 to 36 hours.

The Tennessee at Florence, will Johnsonville, will continue during fall during the next several days. At Johnsonville will continue rising during the next 24 hours.

The Mississippi from Chester to Cairo will continue falling.

Torture by Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the kidneys," says W. M. Sherman, of Cushing, Me., "Nothing helped me until I tried Electric Bitters three bottles of which completely cured me." Cures Liver Complaint, Dyspepsia, Blood disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by all druggists. Price 50c.

A Scientific Wonder.

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. It heals the worst Burns, Sores, Boils, Ulcers, Cuts, Wounds, Chills and Salt Rheum. Only 25c at all druggists.

LIVING STATUE BAFFLES DOCTORS

Sits Immovable and Never Responds to Pithful Appeals of Her Husband.

GIRL HORSEWHIPS A JUSTICE

Toledo, O., Sept. 1.—Mrs. Anna Fuzee "the living statue," was removed today to the State hospital for the insane. Like as much dead weight her form was lifted by two deputy sheriffs and carried to a buggy waiting outside. She was placed upright against the seat and did not move a muscle during the entire ride.

When they reached the hospital the woman was carried into the receiving room, and a number of physicians called for consultation in an effort to ascertain the peculiar form of insanity with which she is suffering.

The case is a pathetic one. She is 26 years old, and until several months ago was a native of Hungary, where she was married. Her husband, not being satisfied with conditions in his native country came here to seek his fortune, and later sent for his wife. She arrived, but it was soon discovered she was insane. The long journey across the sea, longing for her husband, and a desire for the familiar scenes of her home had unbalanced her mind.

For several weeks she has been growing worse, and now is suffering from a rare kind of dementia, which renders her incapable of moving, eating, speaking or doing anything unless forced.

When the husband called today at the county jail to bid his wife good-bye the scene moved the jailers to tears. Despite the pitiful pleading of her husband and his protestations of love the woman stood an immovable statue and refused to talk.

Horsewhipped Justice.

Washington, Sept. 1.—With the town constable looking on, and surrounded by a score or more of friends who urged her on, Lucy Grove, a pretty young woman of Vienna, Va., this morning horsewhipped August Hennin, a justice of the peace of that place. The girl was soon overpowered by Hennin, and before the onlookers could interfere in the final scuffle the girl was thrown to the ground. Her left arm was dislocated. The attack was the result of a decision rendered by the jury against the young woman last week.

NOT NATURAL GAS.

But Dynamite Caused the Explosion and Police are Looking.

Kansas City, Mo., Sept. 3.—At Armourdale, Kas., today a store occupied by Arnold Lieberman, and two dwellings were destroyed as a result of an explosion at first supposed to have been due to leaking natural gas. Two persons were injured. It since developed that the building was not piped for gas and the explosion probably was the result of a dynamite explosion. The police are looking for Lieberman, who has disappeared.

CHICKEN THIEF IS SHOT IN THE BACK

Has Served Eight Years for Stealing All the Carrots in Fourth Street House.

LANDS IN THE COUNTY JAIL.

John L. Johnson, colored, ex-convict and wholesale chicken thief, is in the city lockup with his back peppered with bird shot. He is charged with chicken stealing and from indications "Mr. Johnson" will probably duplicate his former stunt of a term in the state penitentiary. Chicken stealing being now a felony.

Early this morning Johnson drove out near Eighth and Ohio streets in quest of chickens. He was well prepared for handling the booty, having secured a one-horse wagon. Residents were awakened by the noise of the chickens and found Johnson trying to load a coop into his wagon.

A shotgun was brought into play and Johnson after receiving the contents of one barrel started to run. The next barrel was discharged but he stepped it and escaped.

His horse and wagon was left, and Patrolmen Scott Ferguson and Thad Terrell were sent out to watch for his return. He came for his vehicle and the police grabbed him and put the handcuffs about his wrists.

"Well, I guess I've hit it again," Johnson remarked as he was taken to the hall.

Johnson is a tall yellow negro and when seen in the lockup this morning refused to make any statement. Patrolmen Scott Ferguson and Detective T. J. Moore this morning "sweated" him and he confessed to having tried to steal the chickens this morning. He had 25 in the wagon when detected and shot.

Mr. Virge Berry, the well-known Illinois Central wood-worker, did the shooting, and 12 shots took effect in Johnson's back. Berry resides on Seventh street between Hubards and Bockman streets. He heard the noise and securing his gun shot.

Johnson has a criminal record—eight years in the penitentiary. He went up from Paducah. He broke into the Leech residence on North Fourth street, now occupied by Mayor Yelzer, and took away a wagon load of carpets and household goods.

WAIVES HIGH POST FOR FRIEND

Gen. Bell Steps Aside to Permit Comrade to Become Major General.

Washington, Sept. 4.—Brigadier General J. Franklin Bell, chief of the general staff of the army, has waived his right to promotion to be a major general in order that his friend, Brigadier General Jesse M. Lee, may have the honor and increased pay. The vacancy will occur Sept. 15 and General Lee will retire January 7. Not quite the same sentiment is entertained in the case of Captain John Pershing, who is said to be slated for promotion to the rank of brigadier general. His promotion means the jumping of 257 captains, 364 majors, 131 lieutenant colonels and 110 colonels, a total of 862 officers, who today rank him.

WINS KITCHENER'S HEART.

Mrs. Samuel Sloan Chaucney Engaged to War Lord.

New York, Sept. 4.—Mrs. Samuel Sloan Chaucney, the famous New York beauty, and formerly Miss Alice Carr, of Louisville, is said to be engaged to Gen. Lord Kitchener of Emgland, and it is reported the event will soon be announced. The news comes from London that an American has captured the greatest matrimonial prize in England, and it is not surprising that Mrs. Chaucney is the one, as she has for some time been considered the most beautiful and one of the most brilliant Americans on the other side, having had great social success.

BOY SAVES MANY FROM DEATH

Quick Action Prevents Runaway Snow Plow Hitting Train.

Boulder, Colo., Sept. 4.—The presence of mind of Orlo Moxley, 12 years of age, saved the lives of scores of passengers on a train on the Colorado and Northwestern road today. A huge snow plow at the head of the canon was released and was speeding directly for the train. Moxley saw it coming a block away and made a desperate rush for a near-by switch. He just barely reached it when the snow plow came along at terrific speed and crashed into lumber yards adjacent.

Strike Breakers Expected.

San Francisco, Sept. 1.—The arrival of Farley's strike breakers tonight is expected to agitate the present comparatively calm attitude of both factions in the street railway strike. All efforts to bring about arbitration met with failure.

BLAMES CASHIER FOR THE DEFICIT

Caught in Morocco, Where He Sought Protection From Extradition Powers.

WOMAN SCORNED BETRAYS HIM.

Tangier, Sept. 4.—Paul Stensland, the prisoner here, declares he takes much blame for looting the Milwaukee Avenue bank of Chicago, upon himself, but Henry W. Herring, cashier, is the real culprit. He received the larger share of the money stolen from depositors. He said his preparation for flight were hurried. He took only \$1,400 cash, while he could have taken a million. The stolen money was spent in real estate speculation.

Chicago, Sept. 4.—A cablegram to the Tribune announces that Paul O. Stensland, president of the Milwaukee Avenue State bank, was captured in Tangier, Morocco.

Stensland was arrested at 8 o'clock in the morning by a Tribune representative, and Assistant States Attorney Harry Olsen, of Chicago, in the English postoffice.

Stensland was betrayed by a woman who felt she had not been treated right by him and she went to the Tribune shortly after Stensland's flight with information of the direction he had taken. During the interval between his flight and arrest Stensland had been going under the name of P. Olsen, Norway.

It was ascertained that he had deposited \$12,000 in the bank of Tangier. A reward of \$5,000 has been offered for his arrest.

Former Cashier Herring learned early today of the arrest of Stensland and was surprised that Stensland had been taken alive, believing he would commit suicide before permitting capture. Herring said he did not know the woman who is said to have given the information.

A long line of depositors were in front of the Milwaukee Avenue bank when the arrest of Stensland was learned, and greeted with cheers, groans and threats. Later word was received at the states attorney's office that Stensland would not return with out extradition papers.

Assistant States Attorney Barbour late today received a telegram from the state department saying a cablegram had been sent to the Morocco authorities asking whether they would surrender Stensland, president of the failed Milwaukee Avenue State bank of Chicago, who was arrested at Tangier today.

The necessary steps were taken to secure requisition papers. A petition to Governor Deane and one to President Roosevelt were included among the papers forwarded to the secretary of state at Springfield. The charge against Stensland is forgery.

BRYAN IN NEW ENGLAND.

Large Crowds Hear Him at Every Point.

New Haven, Conn., Sept. 1.—The visit of Wm. J. Bryan to Connecticut today must have strongly reminded him of the strenuous days during his presidential campaigns for he delivered four addresses, each of considerable length, attended two receptions and was the center of hand-shaking bees whenever his admirers could reach him. Everywhere he was heartily received although there was an absence of street demonstrations both here and in Bridgeport. His audiences, however, at times were wildly enthusiastic, especially at the noon luncheon here.

He will return to his native land with his bride in the near future.

Hutchins, of Lima, O., Miss Amelia Antwerp, a professional nurse may save the life of Mrs. Hutchins, a widow of an oil operator. Mrs. Hutchins is blind. LABOR DAY PLAN PROVES SUCCESS

Thousands of Strangers in the City Attended the Celebration at Park.

MADE MORE THAN EXPECTED

Labor Day has come and gone and this morning the hundreds of tradesmen who were enjoying a day of celebration yesterday are back at their places with pleasant memories of yesterday. The day was slightly marred in the afternoon and evening by rain, but thousands flocked to the park, permitting nothing to interfere with their pleasure.

The most important event of the day was the election of a Goddess of Labor. Hundreds sold tickets for days before the day of the election arrived, and there was a great deal of rivalry among the workers. Miss Geraldine Gipson won the honor, receiving a total of 778 votes. She was the carpenter's candidate. Miss Edna Buker, candidate of the machinists, received 436. Miss Mattie Love, Prince, 302. The latter was the railroad carmen's candidate.

Miss Gipson, directly after the polling of the vote, was given a fine gold watch. The presentation speech was made at the dancing pavilion in the presence of hundreds, by Chairman Carroll. Miss Gipson resides at 1743 Harrison street and is one of the most popular young women in the city.

Capt. Ed Pearson drew the brass bedstead, drawing No. 711.

The Best Dancers.

At the dance given under the auspices of the Central Labor Union last evening at the Wallace park pavilion, the best waltzers were Miss Hallie Lofton and Mr. William Herbst, of the Plumbers' union. The young lady was awarded a pair of shoes.

Most Successful.

The Central Labor Union is about \$300 ahead the result of Labor Day. While the figures cannot be definitely determined this is the estimate of those in a position to know.

The sale of Goddess of Labor tickets netted a great deal and gate admission and other sources of revenue swelled the total amount.

"I would estimate the net proceeds of our Labor Day celebration at \$300," Mr. George Walters said. "We had a great deal of expense but managed the affair carefully. In the afternoon I judge we had 5,000, and at night fully 8,000. The excursion rates to the city drew about 2,000 visitors. It was one of the most successful celebrations we ever had."

Members of the committee of the Central Labor union, which had charge of the celebration yesterday, are receiving the compliments of friends and the thanks of the union for the manner in which they carried out all the plans. Financially and every other way the event exceeded all former efforts.

RATE LAW TO RAISE CHARGE.

Railroads at Buffalo Agree to Increase Price of Switching.

Buffalo, Sept. 1.—The freight switching charge in and around Buffalo is to be increased from \$1.50 to \$2 a car an interchange business, a result, it is said, of the new federal rate law. The New York Central and the Erie, one of the greater part of the facilities interchange switching the first time in the advance. Then the Erie and Lehigh Valley decided to raise the rate. The roads that will be affected more than others by the increase of charges are those having terminals at Black Rock, the Michigan Central, Watash, Grand Trunk and Pere Marquette. They are now paying \$2.50 a car. Under the new rate they will be charged \$5 a car.

SHERIDAN MAY BE TOTAL LOSS.

Efforts to Pull the Transport From the Rocks Are Abandoned.

Honolulu, Sept. 4.—Efforts to pull the transport Sheridan off the rocks have been abandoned and it is now believed the vessel will be a total loss. The persons aboard the Sheridan spent the night in darkness, the lighting machinery being disabled. It is reported that there is now water in the vessel above the fire rooms. The transport appears to be pierced amidships by the rock on which she hangs. Interisland steamers are now removing the cargo from the Sheridan's cold storage and valuables. It is planned to anchor the Sheridan and cable for further assistance.

Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, must appeal to every reasonable individual as radically wrong.

It would be harsh, unsympathetic, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weaknesses, various displacements of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its exacting demands upon the system, coupled with the care, worry and labor of rearing a large family, is often the cause of weaknesses, derangements and debility which are aggravated by the many household cares, and the hard and never-ending work which the mother is called upon to perform. Dr. Pierce, the maker of that world-famed remedy for women's peculiar weaknesses and ills—Dr. Pierce's Favorite Prescription—says that one of the greatest obstacles to the cure of this class of maladies is the fact that the poor, over-worked housewife can not get the needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those in which their treatment fails by reason of the patient's inability to obtain from hard work long enough to be cured. With those suffering from prolapsus, anteversion and retroversion of the uterus or other displacement of the woman's organs, it is very necessary that, in addition to taking his "Favorite Prescription," they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much out-door air as possible, with moderate, light exercise is also very important. Let the patient observe these rules and the "Favorite Prescription" will do the rest.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.
